

Creating a New Standard For Transportation

All Chemical—your trustworthy, experienced intermodal trucking company—that can handle complex bulk chemical shipping needs.

TRANSPORTATION

We do it all.

All Chemical is a specialized DOT Truck Load freight carrier operating in the Northeast Corridor.

We own and operate state-of-the-art, new equipment:

325+	130+	50+	140+
Tankers	Tractors	Steam Stations	Container Chassis

7 Container lifts on **20** expansive acres of property to service the needs of an evolving industry

WASH AND STEAM

All-in-one service.

- **We provide washes that save you time and money.** We offer standard chemical and food-grade tank washes in our modern wash bays.
- **We accommodate unique washes.** Precise temperatures, high heat, and cleaning specialty products are routine for our highly specialized team.
- **We take on complex heating requests.** We have 50+ steam stations and innovative glycol hot water heating.

SERVICE

Whatever your problem, we have the solution.

- **Worry-free ISO container drop-off.** Once your international shipment is processed off a cargo ship and received by the pier, we ensure final destination arrival safely and on time.
- **Helpful storage options.** We offer short- and long-term storage options for ISO containers.
- **Custom problem solving.** Whatever your request, we can handle it safely and efficiently with our all-in-one services.

ALL CHEMICAL

Innovation and Customer Service Since 1978.
